

## Lap

Classic horizontal lap siding panels are versatile enough for any home and style.

## BOARD & BATTEN

A trending style, this profile features wide and narrow boards set vertically to create the perfect accent or full exterior, increasing the illusion of height on the exterior.

## SHAKE & SHINGLE

Shake & Shingle products offer a textured, wood-look shake and shingle panels offer a natural accent.

Honeycomb offers three primary styles of vinyl siding products to fit the needs of nearly any home build: traditional lap, modern vertical and textured shake and shingle. Each style offers a variety of on-trend colors and various profiles to provide endless customizability.
